**RE: Application No. 1483074
Updike Substation 886S and 144 kV Transmission Line 7L34
Withdrawal of Application to EUB, Intent to Re-file with AUC**

ATCO Electric was to have submitted supplemental route evidence by January 31, 2008, for the above-referenced application. Consultations with landowners and analyses of routing considerations are still ongoing, and ATCO Electric is unable to submit the additional information by the stipulated date. Rather than extending the submission date further, ATCO Electric proposes to withdraw the application as submitted to the Energy and Utilities Board, and to re-file with the Alberta Utilities Commission in due course.

If there are any questions concerning this submission, please contact the Kenneth Pearce at 780-420-3275, or Jim Crinklaw at 780-420-7183.

Yours truly,
