

## Join us at our open house

ATCO Electric is hosting an OPEN HOUSE for a proposed POWER TRANSMISSION LINE

**Wednesday, December 5, 2007 – 1:00 to 7:00 p.m.**  
**Golden Age Centre, Hythe, Alberta**

ATCO Electric is conducting another round of consultations to seek your input for a new power transmission facility west of Hythe. The project includes about 27 kilometres of new 144 kilovolt transmission line from the existing Goodfare substation southwest of Hythe to a new substation called "Updike" northwest of Lymburn.

Preliminary power line route alternatives are shown on the map. We would like to consult again with area residents and land occupants before finalizing the route. Please join us for an informal open house.

If you have any questions or concerns, or are unable to attend the open house, please contact:

Ken Pearce
