

# Join us at our open house

ATCO Electric is hosting an open house for a proposed POWER TRANSMISSION LINE

**Tuesday, December 2, 2008 - 2:00 to 8:00 p.m.**  
**Coronation Community Centre, Coronation, AB**

ATCO Electric is hosting an open house to share details of a project in the area north of Veteran. The project includes about 25 to 31 kilometres of new 144 kilovolt transmission line from ATCO Electric's Ribstone Creek substation to a new AltaLink substation called "Lakesend" at a TransCanada Keystone Pipeline pump station north of Veteran. Several route options are being considered for this project and we want to consult with local residents and stakeholders before selecting one.

**If you have questions about the project and can't attend the open house, please contact:**
